Help plan the future of LaGrange Highlands!

LaGrange Highlands District 106 has started the process of developing our next five-year strategic plan. As part of this process, we need the help of all stakeholders.

We would like to engage students, staff, parents and the community in the strategic planning process through focus groups. There will be an opportunity to share insights through a survey, should you not be able to make a focus group meeting.

Our strategic plan will serve as a guide to develop goals, actions to achieve those goals and success criteria to measure those goals. As part of the strategic plan, we will develop a mission and vision to ensure a high-quality education for all our students.

Help us answer these questions:

Where are we now?
Where are we going?
How will we get there?

Additional information about the strategic planning process can be found on the district website (www.district106.net).
