

THE CENTER FOR GIFTED ~ MIDWEST TORRANCE CENTER FOR CREATIVITY

Saturday Spooktacular!

Morning Session: 9:00 - 11:30

Halloween STEM Challenge!

Ignite your imagination and engineering skills to create and build freaky Halloween-themed objects and engineer their functions. Choose from a bridge of bones, bat wings, ghost transporter, candy launcher, creature catcher, and more. Discover creative ways to make your simple machines function better. Join in a little friendly competition for fun--and bring your creations home with you!

SPOOKY SCIENCE

Create mysterious phenomena through bubbling concoctions and spooky physics experiments meant only for the brave and curious! Bubbling pumpkins, creepy vampire blood density experiments, jack-o-lantern slime, and more are sure to engage, challenge, and spook the budding scientist in you.

Afternoon Session 12:30 - 3:00

Pumpkin Optical Illusions and Spooky Faces

Using various combinations of colors and patterns, create and build your own projects that ultimately deceive the eye and brain. Discover how to employ the concept of optical illusion in carving a pumpkin. Bring your projects and pumpkins home with you to prepare for the 31st!

ESCAPE ROOM!

Collaborate with your peers to find clues, complete tasks, open locks, and solve a variety of puzzles. You and your team will need to work together to win. Pool your mental resources, survival skills, and wits. *Will you escape in time?!*
