Superintendent's Report

- RECOGNITION OF SCOTY AWARD WINNERS. Mubaraka Al-Qamari, Elaina Stoltz, and Tommy Sloan were recognized as recipients of the Student Citizen of the Year award. Congratulations to all three on this well-deserved honor.
- SIDEWALK UPDATE. We are anxious to add this section of sidewalk along 59th street, but at this time we are still waiting on approval from the state to start the project.
- 2023 CLASS SIZE MONITORING. Based on our typical summer enrollment, it is probable
 that we will need another first-grade teacher for next year. We will make that determination
 in the coming weeks in order to have time to find the best candidate.
- STUDENT DRESS CODE. Through a collaborative effort with our Parent Advisory Committee, we have revised our student dress code for this Spring and next school year.

Conscious Discipline

We will be engaging in professional development next summer and will be implementing the principles of the Conscious Discipline framework for the upcoming school year. This paradigm for understanding and responding to student behavior is based on scientific research and aims to increase self-regulation, sense of safety, connection, empathy, and intrinsic motivation in both students and adults.

For more information on this topic, refer to the Board report in BoardDocs or the slides linked below.

Building Project Update

We continue to work closely with our architect (Arcon) and construction manager (Nicholas) to develop a building addition and renovation plan that meets our need for additional classrooms, creates exciting new learning opportunities for our students, and does so in a way that is fiscally responsible and within the District's means.

For more detailed information on this topic, such as the projected cost, how the project will be funded, and the taxpayer impact, please see the Board report in BoardDocs or refer to the slides linked below.
